Alphabetical Index. 302-303

Upholstered Chairs

These chairs have the upholstery stapled and welted to the frame. All chairs in this section have a coil spring system in the seat that will hold the seat shape and provide seat comfort for many years.

Zimmerman Live Edge

Live Edge Tabletop Art

– Create a "One of a Kind" Table

Zimmerman Chair creates live edge tabletops that come from locally harvested logs. These logs are slabbed, milled, dried, and finished. Each live edge slab is individually unique and preserved in its natural state to create some stunning and compelling works of art.

Each slab will be different in character and size. There are multiple wood species used including Walnut, Maple, Cherry, Oak, Hickory, Elm, Box Elder, Locust, Sycamore, Beech, and more.

Please visit our website *www.zimmermanchair.com* to peruse the available options.

FINISHES & SPECS

Heritage Stain Finishes

Heritage finishes are distressed with worm holes and dings. The wood is then stained and glazed to accent the piece. All furniture products are available in the Heritage finishes. Colors shown should be used for guide purposes only. See dealer showroom for finish sample board.

Stonewal {Oak}

Walnut {Oak}

Cherry Valley {Cherry}

Russet {Cherry}

Legacy {Cherry}

Heather {Cherry}

Briar {Cherry}

Almond {Maple}

Iceberg {Maple}

Cypress {Maple}

Cedar {Maple}

Coal {Maple}

Heritage Paint Finishes

Heritage finishes are distressed with worm holes and dings. The paint lacquer is applied, rubbed through or glazed to accent the piece. Only painted Cherry & Maple give the look presented on these paint chips. Oak wood allows the grain finish pattern to distinctively show through the paint finish. Colors shown should be used for guide purposes only. See dealer showroom for finish sample board.

#10 Mist

#12 Marble

#16 Granite

Renew Stain Finishes

Renew stains are non-distressed smooth finishes. The grain character and color variations of solid wood are a beautiful part of the solid wood finish. Notice that the wood variations are more apparent in the lighter finishes. All furniture products are available in the Renew finishes. Colors should be used for guide purposes only. See dealer showroom for actual finish samples.

Renaissance Finishes

The Renaissance finish category is another sophisticated group of finishes. Every detail from the distressing, to the depth and patina of each color, including the high sheen of the catalyzed finish gives a "renewed look" that each piece of furniture deserves. Colors shown should be used for guide purposes only. See dealer showroom for finish sample board.

Antiquity Finishes

The character and wear of generations of use is captured in the Antiquity Finishes. This is accomplished in a 16-step studio style finish process. Each piece is scraped, distressed, and softened with sanding to simulate years of wear. Glazing and hand burnishing highlight the character of the distress marks and the natural beauty of the wood. All the Antiquity finishes are coated with catalyzed finish and hand waxed. Please note, there are 2 levels of distressing in the Antiquity Stains. Any Antiquity Stain finish can be selected in Level 1 or 2.

Antiquity Level 1: This is the overall lighter distress level and does not have simulated cracks. This level has worn edges, tear outs, gouges, dings, wormholes, and non-physical distressing within the finish layers. Colors shown should be used for guide purposes only.

Antiquity Level 2: This level of antiquity has simulated cracks, worn edges, tear outs, gouges, dings, wormholes and non-physical distressing within the finish layers. Colors shown should be used for guide purposes only.

Marina {Maple}

Antiquity Paint Finishes

The distressed wood and color of Antiquity Paints is designed to complement the Antiquity Stains. Each piece is distressed in the same manner as the stained finishes but given several layers of color to highlight the natural wear from years of use. It is then coated with catalyzed finishes and hand-waxed. Only cherry and maple (not available on most SKU's) will give the same effect as the samples. Oak wood allows the grain patterns to distinctively show the paint finish. Colors shown should be used for guide purposes only.

Alabaster

Black

Mushroom

Antiquity Weathered Finishes

Weathered antiquity represents years of elemental exposure. As the sun, the sea, and the sand form the character of a branch on the beach, so these finishes present the simulation of natural weathering on cherry wood. Each piece is unique and chosen to be "one of a kind." Make your choice of color broad with the natural beauty of the Weathered Antiquity variation.

Customer's Own Material Requirements

The following chart gives guidelines for ordering the proper amount of fabric/vinyl or leather on upholstered chair seats and/or backs. This is for standard 54" wide fabric.

When ordering, add 10% for repeats in the fabric patterns that measure over 4". Add 30% for fabric patterns repeats that measure over 8".

Yardage is for fabric. Sq Footage is for leather and does NOT include allowances for blemishes

Furniture Options

Seat Options

CHAIRS WITH NO LETTER APPENDED HAVE NO DROP SEAT OPTIONS.

W {Wood Seat}
The wooden "W" seat option on frame chairs is by far the most durable seat option.

U-1 {Fabric Seat}
The "U-1" fabric seat option gives many options of color and texture for your chair seats. You can also provide COM or COL.

U-2 & U-3 {Leather Seat}
Standard Leather "U-2" is a medium grade leather. Premium Leather "U-3" imported from Europe.

F {Fiber Seat}
The fiber "F" seat option is a handwoven paper twist.

Nail Trim Options

Oxford

Nickel

Old Gold

French Natural

Table Edge Options

Each table is designed with a standard edge, noted with each table's specs. A nonstandard edge may be custom-ordered if table specs indicate availability.

#30 Simple

#33 Ogee

#47 Undercut

#31 Danish

#44 Beaded

#48 French

#32 Bullnose

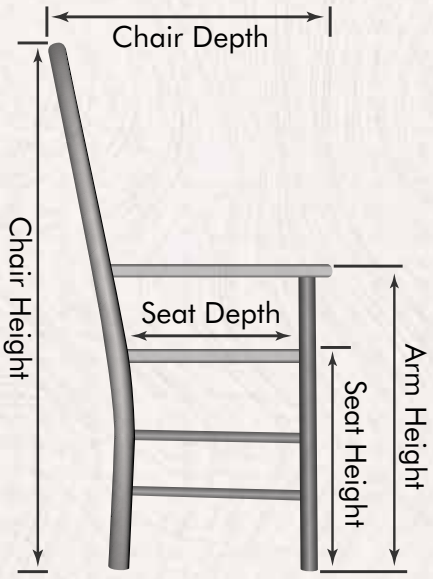

#46 Traditional

#49 Beveled

Chair Dimensions

"H" = OVERALL CHAIR HEIGHT
"W" = OVERALL CHAIR WIDTH
"D" = OVERALL CHAIR DEPTH
"SH" = CHAIR SEAT HEIGHT
"SD" = CHAIR SEAT DEPTH
"AH" = CHAIR ARM HEIGHT
"AW" = WIDTH BETWEEN ARMS

ZC Zimmerman Chair

Furniture Care

Zimmerman Chair applies a quality catalyzed finish to all paint and /or stain wood finishes on all our products. Each tabletop receives extra care and an extra coat of finish in the finish process to provide optimum durability throughout the years.

This finish has been tested to resist spills and stains from a wide variety of household chemicals, including water and household ammonia. These tests were performed with 24-hour contact and had no effect on the finish. Hot liquids and objects should not contact the finish surface directly. Always use place mats, pads, and coasters to protect the finish on the tabletops. However, it is critical that none of them are plastic, vinyl, or rubber backed as that will react to the tabletop finish. Heat, abrasion, and sharp objects can quickly damage the fine finish on your furniture.

Important! – For the first 3 months of use, give extra care to protect your table from moisture and abrasion until the finish is fully cured. Do not use any furniture polish or furniture treatment on your tabletop for the initial 6 months of ownership.

You can clean your table anytime with a warm, soapy, damp, cotton cloth gently applied to the surface. After the catalyzed finish has reached its full potential of hardness at 6 months, the periodic use of high-quality, wax-based, non-silicone, and non-citrus furniture polish is recommended. Zimmerman Antiquity finishes are hand rubbed with wax applied on top of the catalyzed finish. This finish can be cleaned with damp, soapy cloths and then buffed with soft, clean, cotton cloths to return it to full, clear sheen. We warn against using microfiber cloths to avoid the possibility of fine scratches.

Solid wood is a natural fiber. Therefore, it will shrink and swell with the seasons. Take care not to expose your heirloom furniture to the extremes in temperature and humidity. Season cracks may appear if humidity is not maintained at 30-40%. Do not expose the furniture directly to sunlight and heat sources. Tabletop joints between leaves will gap slightly in the center or edges depending on the humidity of the season.

Solid wood changes color over time under normal conditions of light exposure. Lighter finishes are the most vulnerable to this wood darkening, so move table decor around periodically so silhouettes do not appear on the tabletop. With proper care, your solid wood heirloom will give you service and satisfaction for years to come..
